**DAILY ORDER**

The Chief Engineer, PPP explained that 530 MW open access is available for the months of April 2013 and May 2013. This P.P.A.P. No.4 of 2013 related to the period 1<sup>st</sup> June 2013 to 25<sup>th</sup> May 2014. TANGEDCO confirmed that there are no deviations with respect to the Government of India guidelines other than the ones approved by the Commission already. Certain minor deviations were referred to in the petition. Minor deviations are with regard to the Contract Performance Guarantee to be provided by the bidders subject to TANGEDCO opening the LC for payment. This issue is yet to be resolved. The Chief Engineer, PPP was candid enough to admit that the open access availability will be not more than 25% of the applied quantum of the proposed power purchase aggregating to 1177 MW of RTC power and corresponding energy of 10,150 MU.
