Hearing dated : 12-04-2022

DAILY ORDER

Order pronounced.

“7.18. Further as stated in the impugned order when the Government of Tamil Nadu directed all the generating stations to operate at their maximum capacity to receive the power and at the same time there was allocation of power only to 60% to 70% and load shedding the consumer cannot be penalized. More importantly when the consumer is not even given 51% of the requirement, the Distribution Licensee cannot expect fulfilment of conditions as required under Rule 3 (1) (a). It hardly matters whether it is a case of third party sale or a case of captive consumer and what matters is whether the Licensee was ready to supply power at all times. When the undisputable fact in this case is that there was inability to supply power, the review has to fail necessarily and accordingly it fails. With the above observation, this petition is dismissed”.
