**All Superintending Engineers/
Electricity Distribution Circle,
TANGEDCO.**

Lr. No.TNERC/DE/DDE2/F. CGRF/D. 1917 /20 Dt. 26-03-2021.

Sir,

Sub : TNERC – Nomination of member to the Consumer Grievance Redressal Forum by the District Collector – Proposals to be sent as per the format enclosed – Reg.

1) Regulation 3(4)(b) & (c) and 3(5) of the Consumer Grievance Redressal Forum & Electricity Ombudsman(CGRF&EO) Regulation specify that one member to the CGRF shall be a person with 15 to 20 years experience in financial/legal profession who shall be nominated by the District Collector who shall hold office for a term of three years and shall not be eligible for reappointment as such. The nominee shall not hold office after he has attained the age of sixty two years.

2) The Superintending Engineers of the Electricity Distribution Circles who are the Chairpersons of the CGRF in each circle send proposals received from eligible candidates with 15 to 20 years experience in financial/legal profession for nomination as member to the CGRF by the District Collector. It is generally observed that these proposals sent to the District Collector wear a look of mere a cover letter but not with required details viz. eligibility criteria of the member to be nominated, evidence of experience of member etc., bio-data of candidates etc. As a result, the District Collectors are not in a position, get required details to nominate the member which eventually lead to abnormal delay, for years together in process of member nomination by the District Collectors. There are many circles in which the members to be nominated by the District Collectors are

pending for many years due to this reason. To remedy this issue, a format for submission of application by the eligible candidates is designed containing all required details of the eligible candidates viz. proof of age, experience, educational qualification and other relevant documents and communicated to the Circles. The proposed format is enclosed herewith as Annexure. The Superintending Engineers/ EDC are directed to send the proposals to the District Collector as per the above prescribed format to avoid delay in nomination process by the District Collector.

3) Further, Regulation 3(6) of the CGRF&EO regulations stipulates that the post of members shall not be kept vacant for more than two months. However a few of the CGRF Chairman act belatedly and simply address the District Collectors requesting to nominate without deputing their PROs for personal follow up unmindful of the importance of CGRF. The Superintending Engineers/EDCs are advised to take timely action to gather eligible candidates and address the District Collector by furnishing the proposals well before six months of end of tenure of the present incumbents, followed by consistent reminders both by correspondence and personal follow up.

The receipt of this letter may be acknowledged.
