... Respondent
(Thiru.H.S. Mohammed Rafi,
Advocate for Respondent)

Dates of hearing : 21- 4- 2011

Date of order: 21- 4-2011

The above petition came up for arguments on 21-4-2011. During the hearing the counsel for the petitioner submitted that they are supplied with energy by the TANGEDCO towards start up power. Their generation plant is located within their premises. Grid support is normally provided by the TNEB

only when the generator is located outside the premises of consumption and therefore has prayed that provision may be made to enable grid support for the generators who are located within the premises of consumption. After hearing both side the Commission passed the following:-

INTERIM ORDER

TNEB is directed to come up with grid support charges for captive plants located within the premises of consumption within a period of three months. They are at liberty to take into account the R & C measure. This exercise may be completed within a period of three months and submitted to TNERC.
