

ORDER

The TANGEDCO filed a revised petition which was taken up. This petition also talks of projections upto March 2012 only. The intent and purpose of this petition is consequent to the directions of the Hon'ble Appellate Tribunal for Electricity to work out a detailed plan for long term, medium and short term so that the restriction and control measures do not become a permanent feature in Tamil Nadu. The revised petition submitted on 12th August 2011 do not meet these requirements. The Commission would like to hear the Chairman and Managing Director, TANGEDCO and Chairman, TANTRANSCO in person in this matter in the FN of 17th or 18th or 19th August 2011 so that the issues are crystallized for further action. The learned counsel for TANGEDCO would confirm the exact date for this hearing.
